

**We're Zinus,  
nice to meet you**

## About us

We're committed to helping everyone bring happiness home. That's why Zinus products are easy to understand, assemble, and enjoy. We design tiny reminders that life is good.

Green Tea

ActivCharcoal™

## What makes us different

We fill our mattresses with peace of mind by adding natural ingredients. Our Premium Infusions, like green tea, olive oil, charcoal, and copper, and help you sleep better can keep your mattress feeling cool and fresh.

## How we deliver

All of our products ship for free in one convenient box. You can set them up quickly (without any extra tools!) so you can spend more time doing whatever makes you happy.

## Where we come from

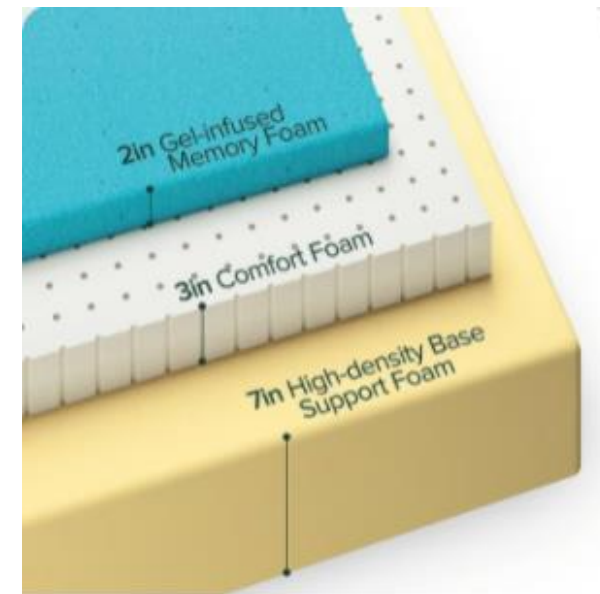

In 1979 our founder, Youn Jae Lee, started his business in the great outdoors, building tents in South Korea. Eventually, he moved Zinus into the home, and has provided places to relax for more than 15 million sleepers and sitters in over 15 countries around the world.

### Official mattress partner

"We're a proud sponsor of the LPGA, helping athletes get the supportive sleep they need. Because it's hard to golf under par when you sleep on a subpar mattress.

**With a comfortable Zinus mattress, you'll be sleeping like a pro."**

## Memory Foam

### GOOD FOR

- Joint pain relief
- Side sleepers
- Couples
- Swaddled feel

### SUPPORT

A more cushioned feel that surrounds the body with excellent pressure relief for back and joints.

### COOLING

For a cooler sleep experience, try memory foam with cooling gel.

## Memory Foam

Our most loved foam is infused with natural green tea and purified charcoal that guarantee freshness while delivering cradling support. Sink in and enjoy enhanced circulation and reduced stress on your joints.

## Z:Comfort Foam

This foam provides cloud-like comfort when combined with our memory foam, or all by itself. With one even layer of soft foam you'll feel consistent support without sinking in too deep.

## Z:Fusion Foam

We fuse together three types of reclaimed foam into one layer. You get the benefits of soft memory foam, reactive comfort foam, and supportive base foam in one place. And it produces zero waste!

## Z:Rebound Foam

This soft foam has more springiness than our comfort foam. It bounces back to shape as you move to give you the feel of expensive latex without driving up the cost.

## Z:Base Foam

This foam is the foundation of our mattresses. It's high density delivers even head-to-toe pressure relief. It maintains a strong structure, edge support, and long-term dependability.

# Products Detail

- King Size : 203 x 193 x 30cm
- Queen Size : 203 x 153 x 30cm
- Full Size : 191 x 137 x 30cm
- Packing Size : 50 x 50 x 100cm,  
Weight : 30-40kg
  
- Made in Italy & Indonesia
